

New Members Elected

BETHESDA — The National Council on Radiation Protection and Measurements (NCRP) has elected nine new members to its Council, and reelected six other members. The election was held at the 45th NCRP Annual Business Meeting on March 3, which was held in conjunction with the 2009 NCRP Annual Meeting on the topic of *Future of Nuclear Power Worldwide: Safety, Health and Environment*.

NCRP was chartered by Congress in 1964 under Public Law 88-376 to serve as a nonprofit organization that represents a national resource on topics related to radiation protection and radiation quantities, units and measurements. NCRP's mission is to formulate and widely disseminate information, guidance and recommendations on radiation protection and measurements which represent the consensus of leading scientific thinking. The Council's mission also encompasses the responsibility to facilitate and stimulate cooperation among organizations concerned with the scientific and related aspects of radiation protection and measurements.

There are 100 elected members of the Council, who are recognized as leaders in many scientific fields of relevance to radiation protection and measurements in medicine, homeland security, environmental protection, nuclear technology, and public and occupational radiation exposures. Additional information about NCRP is available online at <http://NCRPonline.org>.

The newly elected members of Council and their affiliations are:

Mythreyi Bhargavan	American College of Radiology
Brooke R. Buddemeier	Lawrence Livermore National Laboratory
Christine A. Donahue	Energy Solutions
