

National Council on Radiation Protection and Measurements

7910 Woodmont Avenue, Suite 800

Bethesda, Maryland 20814-3095

MEMORANDUM

Date: July 16, 1996

To: NCRP Customers

From: William M. Beckner
Senior Staff Scientist

Subject: Corrigendum for NCRP Report 121

Please make the following correction in your copy of Report 121, *Principles and Application of Collective Dose in Radiation Protection*.

On page 62, delete ", e.g., less than about 10 percent" from the 4th line from the bottom of the page and add it to the 2nd line from the bottom following the comma.

See Section 5.2, page 54 of the Report.
